

23	I am strongly encouraged to report unsafe conditions						
24	When people ignore safety procedures here, I feel it is none of my business						
25	A no-blame approach is used to persuade people who are acting unsafely that their behavior is inappropriate						
26	I can influence the health and safety performance here						
Involvement							
27	I am involved in informing management of important safety issues						
28	I am never involved in the ongoing review of safety						
29	I am involved with safety issues at work						
Personal priorities and need for safety							
30	Safety is the Number One priority in my mind						
31	Personally, I feel as if safety issues are not the most important aspect of my job						
32	I understand the safety rules of my work						
33	It is important to me that there is a continuing emphasis on safety						
34	A safe place to work has a lot of personal meaning for me						
Personal appreciation of risk							
35	I am rarely worried about being injured on the job						
36	In my workplace, the chance of being involved in an accident is high						
37	I am sure it is only a matter of time before I am involved in an accident						
38	I am clear about what my responsibilities are regarding health and safety						
Work environment							
39	I cannot get the equipment I need to do the job safely						
40	Operational targets often conflict with safety measures						
41	Sometimes, the conditions here hinder my ability to work safely						
42	Sometimes I am not given enough time to get the job done safely						
43	There are always enough people available to get the job done safely						
44	This is a safer place to work than the other companies that I have worked for
